WHAT'S HAPPENING

The Town of Aberdeen has applied under “Investing in Canada’s Infrastructure Program” funding for a Reservoir and Water Plant Expansion with a potential of \$3,400,000 in funding, with the Town’s share being approximately \$900,000.

We should be notified shortly if we are approved.

The main objective is to increase the potable water supply storage. Currently we have less than 1-day supply of water in case of emergency. The reservoir expansion would give us a 3-day supply and fire flow demand with supporting a design growth potential of 1200 people. We will also receive a new Water Distribution Plant that will accommodate the reservoir expansion, with 2 pump wells, 400 m3 of storage, piping, pumps, electrical and updated mechanical controls.

Copies of the new 2024-2028 STRATEGIC PLAN are available for pick up

Observance: On April 28th, 2024 the Town of Aberdeen will once again recognize the Federal and Provincial Day of Mourning by lowering the flags.

It is the hope of CCOHS (Canadian Centre for Occupational Health and Safety) that the annual observance of this day will help strengthen the resolve to establish safe and healthy conditions in the workplace, and prevent further injuries, illnesses, and deaths. As much as this is a day to remember the dead, it is also a call to protect the living and make work a place where people can thrive.

The annual day for Safety and Health at work promotes the prevention of occupational injury and diseases globally. It is part of a campaign to raise awareness and intended to focus international attention on the magnitude of the problem and on how promoting and creating a safe and healthy culture in the workplace can reduce the number of work-related deaths, illnesses and injuries. Its purpose is to honor the memory of victims of occupational incidents and diseases.

While we honor the injured, the ill and the fallen workers on April 28th, we recognize the day as one for commemoration and for mobilization, we must also recognize that these injuries and fatalities can be prevented by having a strong health and safety culture in our workplaces.

- Over 100 countries recognize a world day for safety and health at work on April 28th.
- In 1988 Saskatchewan proclaimed The Victims of Workplace Injuries Day of Mourning Act.
- In 1990 the Federal Government passed the Workers Mourning Day Act.
- In 2003 the International Labour Organization (ILO) recognized the International Memorial Day to promote health and safety as a basic human right across the globe
